Application Review & Process

The application package will be reviewed by the Villard BID Board & Staff to determine whether the project should receive an award and determine the amount of the award. In making the determination, the committee will consider the following factors and may give priority to projects that meet the following criteria:

Is the project in a historic district or is it in an individually eligible historic building? Will the project positively contribute to the city's assisted redevelopment effort?

Will the project ameliorate a blighting influence?

Will the project substantially leverage more investments than the required matching amount of the grant?

Will the grant result in an improvement that would not be made otherwise?

Does the project comply with the City of Milwaukee Development Center building code requirements.
